Membership Application and Renewal (Individual)

Membership in the Association is open to anyone engaged or interested in the practice of remote sensing. Membership is yearly, January to December. For regular members, dues are \$ 25. For student members, dues are free for the first year and \$ 10 for the second and subsequent years.

Membership benefits are: free admission to regular technical meetings and events, discount on OARS specialty workshops, discount from selected publishers and booksellers (pending), career contacts and networking opportunities.

To become a member, download this form, complete and mail with payment to the Association. Applications received after June 30 will be applied to the next membership year.
